011915 - Long universal clamp

303629 - Short universal clamp

010416- Short clamping bar

For all kinds of cylinder head. Adapted on all long or short bars.

010426- Long clamping bar

For all kinds of cylinder head. Adapted on all long or short bars.

011425- Block for clamping bar

This can be used with all types of clamping system.

013958- Tilting fixture set

This can be used with all types of clamping system.

010432- Flat end fixture

Used with both bars on tilted clamping system.

564000 - Clamp shoe

Used to adjust the cylinder head's angle to the head position.

564001- Screw M10

Designed to clamp flat cylinder head with vertical valves.

009259- Three arm knob

Orientable clamp shoe dia. 20 mm.

014039 - U parallel with T-nut

M10 - 60 mm length for orientable clamp shoe

010434- Square riser bar

They can be used with all types of clamping system.

To adapt the clamping system to the cylinder head dimension.
Dimension: 40 x 70 x 300 mm

Dimension: 30 x 50 x 242 mm

Seat and guide machines

Crosswise inclined and vertical valve cylinder head

017577- Block for clamping bar

017576- Short pin set

009796- Long pin set

To adapt the clamping system to each cylinder head dimension:
Dimension: 20 x 38 x 300 mm

6 pins set : used to maintain all cylinder head before using tilted clamping system.

6 pins set : used to maintain all cylinder head before using tilted clamping system.

032475- Cursor clamping set

024298- Bubble level

Left and right clamping set to maintain Iveco Cursor 13 head.

Easy to use; level your guides with accuracy

033622 - Single axis roll over fixture

Max cylinder head dimensions:

Length: 1050 mm - 41.3"
Height: 195 mm - 7.7"
Width: 300 mm - 11.8"

- . **Allows quick positioning** of parallel and non-parallel side heads
- . **Sturdy clamping** thanks to two large jaws
- . **360° rotation** to get an easy access to all sides of the cylinder head for various jobs
- . **Firm locking of the jaw's shafts** through two handles for a perfect clamping while machining.
- . Supplied with a bubble level **024298** and a **ratchet**

Fits on every Serdi machines and any machines with T grooved spaced of 275 mm with the following dimensions.

Seat and guide machines

Dual axis rollover fixture

033763 - Dual axis roll over fixture

Max cylinder head dimensions:

Length: 1050 mm - 41.3"
Height: 195 mm - 7.7"
Width: 300 mm - 11.8"

Fits on every Serdi machines and any machines with T grooved spaced of 275 mm with the following dimensions.

- . **Allows quick positioning** of parallel and non-parallel side heads, even with canted valve guides.
- . **Set the cylinder head** at the desired level and roll it over
- . **Sturdy clamping** thanks to two large jaws
- . **Sphere centering handles** to get a quick mount of the head
- . **Firm locking of the jaw's shafts** through two handles for a perfect clamping while machining.
- . **Supplied with a bubble level 024298 and a ratchet**

034999 - Length extended reach plate

035632- Height extended reach plate

Allows to fit cylinder heads with odd sides.

Works on both single and dual axis rollover fixtures.

To lift up the cylinder head when the fixture is used on an old generation machine.

033828 - Serdi Sharpener 3500

. Allows you to increase the lifespan of your carbide cutting tools in a fast and easy way.

. Supplied with a **Ø75 mm diamond wheel 405784**

Now sharpens original and new design bits, without removing from the tool holder*.

More tilt settings for a better surface grinding accuracy.

*not compatible with S5731 tool holder

405784 - Diamond wheel
Ø75 mm

021960- SCS Tool sharpener
Adapter Fixture

009753- Diamond wheel
Ø125 mm

Fits on any SERDI tool sharpener

Only for tool sharpener part # :
010119

Only for old style Tool sharpener
Serdi 3000

Seat and guide machines

Vacuum testing

023516 - DP8000

304697 - Vacuum Pads

The vacuum tester checks if the combination seats-valve seals. (Come with reference 304697)

Check the seal between the valve and the seat.

Set of 7 pads including :

- 1 pad 87x70 mm (part# 405584)
- 1 pad 81x51 mm (part# 405585)
- 1 pad 64x56 mm (part# 405586)
- 1 pad Ø40 mm (part# 405587)
- 1 pad Ø47 mm (part# 405588)
- 1 pad Ø54 mm (part# 405589)
- 1 pad Ø80 mm (part# 405590)

303322 - Precut foam pads

033410- Heavy duty pad

033411- Heavy duty pad

You can replace the pads on your vacuum tester.

Pad 100 x 100 mm
(3.93" x 3.93")

Pad 220 x 130 mm
(8.66" x 5.1")

035804- Heavy duty pad

700001 - Air filter

035805- Vacuum plugs

Pad 125 x 75 mm
(5" x 3") (US market only)

To keep the vacuum generator clean from cylinder head dust

Plugs for vacuum test.
(US market only)

035075 - Serdigital

New!

Digital display micrometer allowing to measure and adjust accurately the position of the cutter to the seat diameter, without unmounting the tool-holder from the machine. This can be used with a counterboring bit and any cutter bit.

Specifications:

Resolution pitch : 0.01 mm / .0005"
 Measuring unit system: Metric / Imperial
 Display : Digital liquid crystal
 Electric supply : 3V 2032 CRC battery
 Measuring capacity: 0 – 180 mm / 0 – 7.08"
 Fits on pilot from Ø 3 mm up to Ø 20 mm

036305 - Runout gauge

Device to insert on a pilot after the seat machining, to display the runout value. The gauge turns around the pilot and the runout value must be read on one device rotation.

Specifications:

Resolution pitch : 0.01 mm / .0005"
 Measuring unit system: Metric / Imperial
 Material: Stainless steel and carbide
 Measuring capacity: Ø16 – Ø120 mm seat diameter / Ø0.63 – Ø4.724"
 Pilot compatibility: Ø9,52 mm (3/8") shank

405882 -Magnetic depth stop

To measure the seat housing height after machining

405580 - Setting device 4200

Used to adjust the tip holder on the tool holder.

583101 - Dial indicator

Inch version

009663 - Bluing

Locate high spot and concentricity on the seat and seat surface.

407018- Micrometer in mm

Precisely adjust the position of the cutter to the seat diameter.

405956- Micrometer in Inch

Precisely adjust the position of the cutter to the seat diameter.

Seat and guide machines

Controlling instruments

035803- Spindle indicator

Lower spindle indicator original design. (US market only)

006141 - Low spindle indicator

To machine the seats to the same depth position. Metric version.

035807 - Low spindle indicator

To machine the seats to the same depth position. Inch version.

Seat and guide machines

Various accessories

034048 - Toolrack

Allows stocking tool holders, tools, pilots, pads... used with the machines S3.5 and S4.5. Contact us if you need it for another machine.

014240 - SERDI tool cart

The Serdi tool cart allows stocking tool holders, tools, pilots, pads...used with the machines.

034186 - LED Kit large size

Replacement LED kit for beam.
034186: 654x150 mm - 25.75" x 5.9" with 8 mounting screws.

034226 - LED Kit small size

500x150 mm - 19.7" x 5.9" with 6 mounting screws

010137 - Spindle nut wrench

Tightening or lossening the spindle nut with the right strength.

customerservice@serdi-usa.com
1-800-447-3790 (toll free)

404029 - Diaphragm

For the workhead clamping system.

590001 - Spindle damper

225 Newton

026759 - Spindle damper

290 Newton

025428 - Pneum. air switch

Spare for the table of S60 and S100

014265 - Pneum. air switch

Spare for S1.1, S3.0, S4.0, S100 HD and S2.0

014266 - Pneum. air switch

Spare for S1.1, S3.0, S4.0, S100 HD and S2.0

007623 - Regulator

Adjust the air flow (Come with two washers Ref.013389)

010458 - Distributor

Release or clamp the air function of the machine.

008484 - Regulator/oiler

Main regulator of the machine (For 3.1, S100, S101).

603000 - Manometer

Manometer diameter 50 mm
0 - 10 Bars

603015 - Vacuumeter

Vacuumeter diameter 63 mm
0 to -1 bar

404094 - Step axis screw

Step axis screw M 5 x 8 x 135 mm
for Serdi 100

Seat and guide machines

Spare parts

013129 - Electric control panel

Spindle control panel for M3.0, S3.0, S4.0, S100 HD

012698 - Electric control panel

Spindle control panel for Serdi 100

709020 - Male socket

Male socket 4 pins MSTB

709021 - Female plug

Female plug 4 pins MSTB

701501 - Lamp

Halogen lamp 12V 20W SIZE G5.3

703000 - Starter

Starter for tubular neon light 18W

703001 - Neon

Neon tubular light Ø 26 LG 600 MM 18W

703002 - Sockets

Set of 2 sockets for neon tubular light

017063 - Neon

Neon tubular light Ø 26 Lg 438 mm - 15W

007526 - Spindle quill key

Old S3 / S4 machine generation spindle quill key

030551 - Spindle quill key

New S3 / S4 machine generation spindle quill key

404047 - Spindle quill key

For the S60, S100, M3.1, S2.0 and S100 HD machines.

009766 - Raw locking ring

For machines before 2003 (end of machining to perform by customer)

404062- Locking ring

For machines after 2003

009711 - Flexible stop

To stop the machining head on the beam.

Valve refacer accessories and consumables

406275-Cup wheel

Fits on VVR120, HVR 90 and Serdi 2

406258 - Rear grind diamond

Fits on VVR120, HVR 90 and Serdi 2

406257 -Front grind diamond

Fits on VVR120, HVR 90 and Serdi 2

016338 - Grinding wheel

Ø200 mm standard grade
Fits on VVR120, HVR 90

023964 - Grinding wheel

Ø200 mm hard grade
Fits on VVR120, HVR 90
(only for specific needs)

406780 - Grinding wheel

Ø200 mm standard grade
Fits on Serdi 2.0

Valve refacer

HVR 90 accessories and consumables

021195- 4 pads for V-block

Fits on VVR120, HVR 90

016063 - 5 drive pads set

Fits on VVR120

Set of 5 pads including :

- 1 drive pad dia. 12 mm / 0.472"
(part# 015513)
- 1 drive pad dia. 20 mm / 0.787"
(part# 015514)
- 1 drive pad dia. 29 mm / 1.142" (
part# 015515)
- 1 drive pad dia. 42 mm / 1.653"
(part# 015516)
- 1 drive pad dia. 66 mm / 2.598"
(part# 015517)

407626- 4 pads for V-block

Fits on Serdi 2

016734 - 3 drive pads set

Fits on HVR 90

Set of 3 pads including :

- 1 drive pad dia. 20 mm / 0.787"
(part# 016703)
- 1 drive pad dia. 29 mm / 1.142"
(part# 016704)
- 1 drive pad dia. 42 mm / 1.653"
(part# 016705)

Option:

- 1 drive pad dia. 12 mm / 0.472"
(part# 016702)
- 1 drive pad dia. 66 mm / 2.598"
(part# 016706)

406667-Valve end

Fits on VVR120, HVR 90 and Serdi 2

017771- 12 left filters set

Fits on VVR 120

017770- 12 right filters set

Fits on VVR 120

019425- Stand

Pressure tester 1500/1501/1600

Clamping system support

010059 - Clamping system

Set of 2 clamping system for crosswise inclined cylinder head. Used to put in horizontal position a crosswise inclined cylinder head.

012439 - Clamping system

Used to clamp a flat cylinder head.

010779 - Long clamping block

To mount on the rotating crib (400 mm screw)

010795 - Short clamping block

To mount on the rotating crib (350 mm screw)

010033 - 24 mm spanner

To assemble clamping blocks

013569 - Clamping bar

Universal clamping bar with washers.

Pressure tester 1500/1501/1600

Other accessories

010056 - Rubber pads set:

Rubber pads set :

- 25 pads Ø30 mm (part# : 010050)
- 15 pads Ø40 mm (part# : 010051)
- 10 pads Ø60 mm (part# : 010052)
- 20 pads 60x30 mm (part# : 010053)
- 10 pads 80x40mm (part# : 010054)
- 10 pads 100x50mm (part# : 010055)
- 1 seal 200 x290mm (part# : 010360)

010360 - Neoprene Seal

200x290 mm

Pressure tester 1500/1501/1600

Other accessories

011858 - Neoprene plate

1400x715x4 mm

010860 - Plexiglas plate

To compress pads on the cylinder head.
220x800x30 mm
We realise any kind of plate on request.

010861 - Plexiglas plate

To compress pads on the cylinder head.
330x800x30 mm
We realise any kind of plate on request.

018798 - Flexible hose

Flexible link between the cylinder head and the pressure tester.

010801 - Female union

Female straight union G1/8 for SPT
Adapts on the flexible hose

010802 - Male union

Male straight union M5 for SPT.
Adapts on the head to link it to the SPT through the flexible hose

014474 - Lubricant

5 liters can of coolant concentrate

031667 - Lubricant

20 liters can of coolant concentrate

024037 - Raiser bars

Raiser bars kit height 80 mm - 3.15"
024033 - Raiser bars

Raiser bars kit height 135 mm - 5.31"
024036 - Raiser bars

Raiser bars kit height 200 mm - 7.87"
200101 - Clamping device

Clamping device for tilted cylinder heads (fits on MGM 1000)
024034 - Set of clamps

Set of 2 complete cylinder head clamps. For MGM machines.

Grinding machines

Abrasive segments for GMA, SCB 1300 and MGM

MGM

SCB 1300

GMA

061080 - Abrasive segment

010590 - Abrasive segment

**Abrasive segment

**Abrasive segment
for steel or aluminium**

**Abrasive segment
for hard cast iron**

Grinding machines

Cutting tools with tip holder

020770 - Tip holder

Raiser bars kit height 80 mm - 3.15"

CBN / PCD tip holder for 6.35 mm cutting tip.

- Enclosed :
- 1 tip holder pad
 - 1 balancing pad
 - 1 CBN insert
 - 1 PCD insert
 - 1 tip holder

Only for grinding plate Ø320 mm and Ø360 mm

For all grinding and milling machines.

006954 - PCD cutting tip

PCD cutting tip Ø 6.35 mm for aluminium.
For all grinding and milling machines

019054 - CBN cutting tip

CBN cutting tip 0.25" for cast iron.
For all grinding and milling machines.

Grinding machines

Lubricant

014474 - Lubricant

5 liters can of coolant concentrate

031667 - Lubricant

20 liters can of coolant concentrate

General conditions of sale

SERDI Corporation

The following terms and conditions shall apply to all equipment, tooling, accessories and other products acquired from SERDI Corporation ("the Products"). None of these terms and conditions may be added to, modified, superseded or altered except by written instrument signed by an authorized representative of SERDI Corporation ("SERDI").

PRICES – All prices shown on the Sales Agreement are the purchase prices. All prices are F.O.B. SERDI's place of shipment in the United States. All costs incident to the installation and service of Products, except those specifically included in the LIMITED WARRANTY stated below shall be rendered by SERDI at SERDI's then prevailing rate, plus all expenses. All merchandise shipped with customer's own carrier will travel at customer's own risk if not insured. SERDI reserves the right to make changes in earlier production models. SERDI also reserves the right to discontinue the manufacture and sale of any products at any time without previous notice. For all customers using collect account with their carriers, SERDI will charge a Handling fee to cover the time and expenses for handling and packaging.

TAXES - Buyer must assume ultimate responsibility for payment of any state or local sales and/or use taxes which may be or may become associated with this sale. If taxes are included in the total sales amount shown on the sales contract, the buyer acknowledges that the amount is subject to adjustment based on the actual percentage(s) as assessed by the taxing authorities having jurisdiction at the place of installation or use of the product(s). Buyer shall provide SERDI with a tax exemption certificate acceptable to the taxing authorities.

TITLE RETENTION - Unless credit to Buyer has been expressly approved in writing, SERDI shall not be obligated to ship the Products until SERDI receives full payment (if check or negotiable instrument, until the check is honored or payment received by SERDI's bank), including shipping and handling. Title to the Products shall remain SERDI's until full payment has been received. Until title passes to Buyer, the Products shall be kept at the location to which they were originally shipped. Failure to make any payment when due; shall give SERDI the option, without liability and without limitation, to take possession of and recover the Products without notice. Buyer shall pay to SERDI a service charge on any and all late payments at a rate equal to eighteen (18%) percent per annum or the maximum rate permissible under applicable law, whichever is lower. Buyer agrees to pay all costs, including attorney or collection agency fees, associated with collection or enforcement of this agreement.

CONDITION OF ACCEPTANCE AND MINIMUM ORDER – All orders are subject to acceptance by SERDI and SERDI's ability to ship. No order will be processed without a receipt of a written purchase order bearing a purchase order number. Product specifications, design, prices, discounts and terms are subject to change without notice. All orders will be invoiced at prices in effect at the time of shipment. A service charge is subject to be added to any orders at the sole discretion of SERDI.

CATALOG ERRORS – Although all information in our catalog and brochures have been carefully checked for accuracy, errors and omissions occasionally occur and therefore are subject to correction. We regret any inconvenience.

CREDIT AND SECURITY AGREEMENT - No credit is extended unless previously approved in writing by SERDI. Buyer hereby grants to SERDI a security interest in the Products which have been purchased until full payment is received by SERDI. Buyer will execute a recordable financing statement indicating SERDI's security interest in the Products. Failure to pay the purchase price of the Products when due shall give SERDI the option, without liability and without limitation, to take possession of the Products without notice, sell the Products at public or private sale at which SERDI may be a purchaser, apply the proceeds after deducting expenses and liens and pay the surplus, if any, to Buyer.

CHANGES - Buyer may make written requests for changes in specifications. SERDI is not obligated to accept any such request. If such a request is accepted and causes an increase in the cost or the time required for the manufacture of the Product, SERDI may adjust the purchase price and/or delivery schedule, and the General Conditions of Sale may be modified accordingly.

LIMITED WARRANTY - The products are warranted upon delivery to conform to their published specifications and to be free from defects in material and workmanship under normal use for a period of one year from shipment. Should a product not be as warranted, SERDI's sole obligation shall be, at its option, to repair, correct or replace the product or to refund the amounts paid for the Product upon its return to a location designated by SERDI. No warranty shall extend to rapid wear Products (including tooling) or to Products which have been subject to misuse (including any use contrary to SERDI instructions), neglect, accident (including during shipment), improper handling or installation, or subject to any modification, repair or service not certified by SERDI. SERDI MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. SERDI shall not be liable for any consequential, direct or indirect damages or for any other injury or loss. Buyer waives any right, beyond the foregoing warranty, to make a claim against SERDI. No warranty is provided for any Products not paid for in full.

RETURN MERCHANDISE POLICY - Merchandise cannot be returned to SERDI without prior approval. Customer must contact the Order Department to get approval and to be issued a Return Goods Authorization number (RGA #). Merchandise authorized for return must be returned prepaid. If merchandise is returned with shipping charges collect, the actual amount of these charges may be deducted from any credit which may be due the customer. The RGA # assigned by the Order Department should be written on the shipping label and must appear on a copy of the invoice(s) covering the original shipment. This invoice copy must be included in the box with the parts. Shipment must contain ONLY those items on the RGA as approved for return. Merchandise must be received within 10 days of the date of RGA or the RGA will be canceled. All returned merchandise will be subject to a 20% restocking fee. Parts / tooling over 30 days old are considered as customer property and can not be returned. Company credits are non-refundable. Service and installation charges are non-refundable. Special order items and machines are non-refundable. C.O.D. returns will not be accepted. No return of altered or etched items. Custom orders and machines cannot be cancelled once processed; sales are final: no return, exchange or refund. Any credit granted by SERDI is void if not used within one (1) year of credit issuance.

The issuance of a RGA DOES NOT guarantee credit - it is only authorization for the return of the goods. Credit for return merchandise is at the sole discretion of SERDI. Credit will be issued only after inspection of returned goods.

RISK OF LOSS - All risk of loss or damage shall pass to Buyer when the Products are placed in the possession of the first carrier at SERDI's place of shipment. Prepayment of freight or insurance shall not convert the terms to F.O.B. destination.

GENERAL - The exclusive venue and jurisdiction for any dispute between Buyer and SERDI shall be in the State or Federal courts at the location of SERDI's office in the State of Georgia and Georgia law shall govern all such disputes. Buyer shall be subject to the personal jurisdiction of said courts. These terms and conditions shall be binding on the heirs, assigns, executors and administrators of Buyer and shall inure to the benefit of SERDI and its successors and assigns.

NOTICE - By signature on the accompanying Sales Agreement or by acceptance and use of product(s) shipped in fulfillment of phone, fax or written purchase orders, the buyer acknowledges receipt and acceptance of all of the General Conditions of Sale contained here-in.

General conditions of sale

MACHINES SERDI S.A.

All prices are quoted in EURO and are enduser's net prices.
All prices are to be understood : EX-WORKS (EXW incoterms 2010) ANNECY
For any other incoterms, we shall submit our best quotation upon request.

PAYMENT TERMS :

If no specific payment terms have been agreed upon, payment is to be understood as «irrevocable letter of credit»

Our Bank name and address are as follows :

CREDIT LYONNAIS
UAC LYON 1 ENTREPRISES
UMBC 23130 SERVICE COMEX
136, Cours LAFAYETTE
LYON CEDEX 03

INSPECTION :

If independent inspection should be required (SGS, BUREAU VERITAS, CALEB BRETT or similar) it will be charged to the importer's.

GUARANTEE :

MACHINES SERDI guarantees all parts of its equipment, to the original purchaser, for one full year from date of shipment (except as provided below) against defects in material or workmanship, when the equipment is installed in strict accordance with its particular specifications. MACHINES SERDI will repair and/or replace free of charge (Ex works) all such defective parts, ONLY when returned to the factory in Annecy France, with shipping charges PREPAID. This guarantee DOES NOT COVER damage caused by accident, abuse or faulty installation nor repair or replacement of parts worn or consumed in normal operation of the machine. Additionally, this guarantee does not cover such items as Diamond Tools, Ball Bearings, Grinding Wheels, Belts, Carbide Tool Bits and other accessory items, except at the discretion of MACHINES SERDI. This guarantee is at no time construed to mean the entire machine.

CANCELLATION OF ORDER :

Cancellation of order must be in writing and returned to the factory before shipment.

SHORTAGE OR LOST GOODS :

Any claims for shortages or loss must be reported within 10 days from receipt of shipment. Claims for transit loss or damage are the responsibility of the carrier according to the incoterm required by the importer.

RETURN MERCHANDISE POLICY :

- Merchandise may not be returned to MACHINES SERDI without written or verbal approval.
- Customer MUST contact the Export Departement to receive authorization.
- Merchandise authorized for return must be returned at customer's charge along with a copy of the invoice(s) or delivery note.
- Returning the goods DOES NOT guarantee credit.
- Credit for return merchandise is at the sole discretion of MACHINES SERDI.
- Credit if any will be issued ONLY after inspection of returned goods.

PRICES AND TERMS ARE SUBJECT TO CHANGE WITHOUT NOTICE
